APPENDIX C OF SUBPART A—[RESERVED]
**APPENDIX D TO SUBPART A OF PART 82—
HARMONIZED TARIFF SCHEDULE DESCRIPTION OF PRODUCTS THAT MAY
CONTAIN CONTROLLED SUBSTANCES IN APPENDIX A, CLASS I, GROUPS I
AND II**

This appendix is based on information provided by the Ozone Secretariat of the United Nations Ozone Environment Programme.^{**} The Appendix lists available U.S. harmonized tariff schedule codes identifying headings and subheadings for Annex D products that may contain controlled substances.

The Harmonized Tariff Schedule of the United States uses an enumeration system to identify products imported and exported to and from the U.S. This system relies on a four digit heading, a four digit subheading and additional two digit statistical suffix to characterize products. The United States uses the suffix for its own statistical records and analyses. This Appendix lists only headings and subheadings.

^{**} “A Note Regarding the Harmonized System Code Numbers for the Products Listed in Annex D.” Adopted by Decision IV/15 paragraph 3, of the Fourth Meeting of the Parties in Copenhagen, 23–25 November, 1992.
